FREQUENCY OF REVIEW: Every two years

RATIFICATION: Trust Board – November 2024

DATE OF NEXT REVIEW: November 2026

unless there is a material change

PART A:

1. Introduction

The UK Data Protection Act 2018 (DPA 18)/UK GDPR defines UK law on the processing of data on identifiable living people. It is the main piece of legislation that governs the protection of personal data in the UK. Personal information is information about a living individual, who can be identified from the information.

- 1.1 TrustEd Schools Alliance, and TrustEd Schools, are committed to protecting the privacy of individuals and handle all personal information in a manner that complies with the DPA18. It is the **personal responsibility** of all employees (temporary or permanent), Trustees, Governors, contractors, agents and anyone else processing information on our behalf to comply with this policy.
- 1.2 Any deliberate breach of this policy could amount to a criminal offence under one or more pieces of legislation, for example the Computer Misuse Act 1990 and the UK DPA/UK GDPR 2018. All breaches will be investigated and appropriate action taken.
- 1.3 This policy explains what the Trust and school's expectations are when processing personal information and Part A (GDPR) should be read in conjunction with the Security Breach Policy (Part B).

2. GDPR Principles

- 2.1 The UK DPA/GDPR 2018 is supported by a set of 6 principles which must be adhered to whenever personal information is processed. Processing includes obtaining, recording, using, holding, disclosing and deleting personal information.
- 2.2 The UK DPA/UK GDPR 2018 principles relevant to the school state that personal information must:

Be processed fairly, lawfully and transparently	Obtained for a specified, explicit and legitimate purpose	Be adequate, relevant and limited to what is necessary
Be accurate and where necessary up to date	Not be kept longer than is necessary	Be handled ensuring appropriate security

- 2.3 There is a further principle called the Accountability Principle. This requires the school to be able to clearly demonstrate their compliance with the UK DPA/UK GDPR 2018. The schools Data Protection Officer undertakes an annual exercise to ensure that the school complies with this principle. See section 12 for further information.

3. Access and Use of Personal Information

- 3.1 Access and use of personal information held by the school, is only permitted by employees (temporary or permanent), Trustees, Governors, contractors, agents and anyone else processing information on the schools behalf, for the purpose of carrying out their official duties. Use or access for any other purpose is not allowed. Deliberate unauthorised use and access to copying, destruction or alteration of or interference with any personal information is strictly forbidden.

4. Collecting Personal Information

- 4.1 When personal information is collected, for example on a questionnaire, survey or an application form, the 'data subject' (that is the person who the information is about) must be told. This is known as a Privacy Notice.
- 4.2 Personal information collected, must be adequate, relevant and not excessive for the purpose of the collection. A person's name and other identifying information should not be collected where anonymous information would suffice.
- 4.3 If the information is collected for one purpose, it cannot then be used for a different and unconnected purpose without the data subject's consent unless there is another lawful basis for using the information (see section 5 below). It must be made clear to the 'data subject' all the purposes that their information may be used for **at the time the information is collected**, via a Privacy Notice.

5. Lawful Basis for Processing

- 5.1 When any TrustEd School or the Trust itself, processes personal information, it must have a lawful basis for doing so. The UK DPA/UK GDPR 2018 provides a list of 'conditions' when we can process personal and/or 'special category' personal information. This is contained within Article 6 and Article 9 of the regulations (**see Appendix 1**).
- 5.2 The UK DPA/UK GDPR 2018 defines special category personal information as information relating to:
- Race and ethnic origin
 - political opinion
 - religious or philosophical beliefs
 - trade union membership
 - processing of genetic/biometric data to uniquely identifying a person
 - physical or mental health or medical condition;
 - sexual life
- 5.3 Whenever the school* processes personal information, it must be able to satisfy at least one of the conditions in Article 6 of the UK GDPR and when it processes 'special category' personal information; it must be able to satisfy at least one of the conditions in Article 9 of the UK GDPR as well.

Note: *Throughout this policy, 'School' refers to both TrustEd Schools and also TrustEd services.

- 5.4 The school can process personal information if it has the data subject's consent (this needs to be 'explicit' when it processes special category information). In order for consent to be valid it must be 'fully informed' which means the person giving consent must understand what they are consenting to and what the consequences are if they give or refuse consent. Consent must not be obtained through coercion or under duress and should be recorded. Guidance on how consent should be managed can be found from the school office.

6. Disclosing Personal Information

- 6.1 Personal information must not be given to anyone internally or externally, unless the person giving the information is fully satisfied that the enquirer or recipient is authorised in all respects and is legally entitled to the information.
- 6.2 If personal information is given to another organisation or person outside of the school, the disclosing person must identify the lawful basis for the disclosure (see section 4 above) and record their reasoning for using this basis. This record as a minimum should include;
- a description of the information given;
 - the name of the person and organisation the information was given to;
 - the date;
 - the reason for the information being given; and
 - the lawful basis.
- 6.3 If an information sharing agreement or protocol exists, this should be adhered to when providing personal information to others. The agreement/protocol will detail the legal basis for disclosure.
- 6.4 In response to any lawful request, only the minimum amount of personal information should be given. The person giving the information should make sure that the information is adequate for the purpose, relevant and not excessive. Data minimisation should always be employed.
- 6.5 When personal information is given either externally or internally, it must be communicated in a secure manner, e.g. password protected/encrypted emails, special delivery or courier, etc.

7. Accuracy and Relevance

- 7.1 It is the responsibility of those who receive personal information to make sure so far as is possible, that it is accurate and up to date. Personal information should be checked at regular intervals, to make sure that it is still accurate and up to date. If the information is found to be inaccurate, steps must be taken to put it right. Individuals who input or update information must also make sure that it is adequate, relevant, clear and professionally worded.
- 7.2 'Data subjects' have a right to access personal information held about them and have errors corrected. More information about a 'data subject's' rights can be found in Section 9 of this policy.

8. Retention and Disposal of Information

- 8.1 TrustEd Schools' hold personal information. The UK DPA/UK GDPR 2018 requires that we do not keep personal information for any longer than is necessary. Personal information should be checked at regular intervals and deleted or destroyed securely when it is no longer needed, provided there is no legal or other business reason for holding it.
- 8.2 The schools' Information Retention Schedule must be checked before records are disposed of, to make sure that the prescribed retention period for that type of record is complied with. Alternatively advice should be sought from the schools Data Protection Officer.

9. Individuals Rights

- 9.1 Individuals have a number of rights under the UK DPA/UK GDPR 2018. These include:
- **The right to be informed** – See section 4 - Collecting Personal Information
 - **The right to access** – A person can ask for a copy of personal information held about them (this is known as a Subject Access request - SAR);
 - **The right to rectification** – Personal data can be rectified if it is inaccurate or incomplete
 - **The right to erasure** – Person can ask for the deletion or removal of personal data where there is no reason for its continued processing
 - **The right to restrict processing** – Person has the right to block or suppress processing of their personal data
 - **The right of data portability** – Allows a person to obtain and reuse their personal data for their own purposes
 - **The right to object** – A person can object to an organisation processing their personal data for direct marketing, on the basis of legitimate interests or for scientific/historical research and statistics
 - **Rights related to automated decision making/profiling** – A person can ask for human intervention in an automated process
- 9.2 If the school receives such a request on any of the above matters they should seek advice from their Data Protection Officer as soon as the request is received.
- 9.3 The school has one calendar month in which to respond to a SAR, provided the applicant has clearly stated the nature of their request preferably by completing a subject access request form and suitable proof of identification has been supplied. However the law does allow a SAR to be made verbally. An extension of a further 1-2 months will be applied where a request is deemed complex, the requester should be informed of this within one month of the request being received. The school and Data Protection Officer co-ordinates the processing of all SAR requests. **See Appendix 2** for a copy of the SAR form

10. Reporting Security Incidents

- 10.1 The school has a responsibility to monitor all incidents that occur which may breach the security and/or the confidentiality of its information. All incidents need to be identified,

reported on a timely basis, investigated and monitored. It is only by adopting this approach that the school can learn from its mistakes and prevent losses recurring. The Data Protection Officer must be informed of an incident/breach within 24 hours of the school becoming aware of the matter.

10.2 Specific procedures have been developed for the reporting of all information security incidents. It is designed to make sure that all relevant information is communicated correctly so that timely corrective action can be taken. The documents below need to be read, understood and followed:

This includes Governors on the LGB and Trustees on the Trust Board if at times they have access to personal data when engaged in their role.

Security Breach Procedure Part B

TrustEd Schools Information Security Breach Procedure (ISBP) v3.3

What to do in the event of a possible data breach/incident

1. Introduction

- 1.1 This procedure supports the Trust's ICT security policies and **must be read in conjunction** with it. This procedure details the necessary steps to take if you have concerns that there has been a breach of personal identifiable information (PII – see 1.2 for examples) by Trust / School employees, Trust / School community members or third parties¹ contracted to provide Trust / School services.
- 1.2 Some typical examples of PII include, but are not limited to:-
- **Personal Data** – e.g. name; address; telephone number; date of birth; NI number; bank account details
 - **Special Category (sensitive) Personal Data** – e.g. information specifically relating to physical or mental health or condition; race or ethnicity; political opinions; religious beliefs, or beliefs of a similar nature; membership of a trade union or non-membership; sexual life; commission or alleged commission of an offence;
- 1.3 The principles of securing information (in accordance with Principle 7 of the Data Protection Act and principle 6 of the General Data Protection Regulations from May 2018), can be found in individual schools ICT and security policies. For further guidance on information security contact the CEO / Trust Office on 01746 760509.

2. What is a possible breach of PII?

- 2.1 A breach of PII is any security incident that results in the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data (Article 4(12) – GDPR).

There are many examples of what constitutes a possible data breach, typical examples are detailed below:

- Loss of mobile phone/laptop or other ICT equipment
- PII being emailed/posted/faxed to an unintended recipient or address and read by the individual, e.g. a letter containing social care information or financial information about an individual being sent to 36 Smith Street instead of 63 Smith Street (the intended recipient) and opened
- Loss of information/records relating to individuals and read by an unauthorised person, e.g. a lost file containing personal grant information
- Viewing PII on an ICT system that you do not need to access as part of your role
- Not keeping information secure; i.e. leaving correspondence on your desk at the end of the working day

- 2.2 There may be security incidents where PII has been given to an unauthorised person (due to a human or procedural error) but the recipient has not opened/read the PII. The PII has then been returned or it has been confirmed that it has been destroyed. Cases such as these should be notified to the DPO and the school will be expected to undertake their own investigation into the security incident and implement actions that will minimise the possibility of a similar incident in the future.

What should I do if I become aware of a possible data breach?

3.1 Outside a normal working day

- 3.1.1 If you become aware of a possible data breach you should report it immediately where you can. If this occurs outside normal working hours, e.g. bank holidays, weekends, etc., please contact your School Data Manager (or line manager if School Data Manager is unavailable) within 12 hours of the incident occurring. Your School Data Manager will inform the Senior Leadership Team/CEO in turn. The CEO will liaise with the Audit & Risk Committee of the Trust Board over any significant issues.

3.2 Normal working day

- 3.2.1 If a breach occurs or you suspect one has occurred you will need to inform your line manager (who will inform the relevant Team Leader/Group Manager, School Data Manager, School ICT Manager, CEO) immediately (or as a minimum within 12 hours of incident occurring). The matter must then be forwarded to Information Governance Team within 24 hours of the incident occurring for recording and investigation.
- 3.2.2 If the incident involves theft or a crime then you should contact the police and report this. Please make sure you obtain and record a crime reference number from the police where applicable.

3. If the incident involves the loss or theft of ICT equipment then this should be logged with the ICT Self Service Desk on 01952 384444 or via your desktop link if applicable or from your windows start key – ICT Self Service link. The School ICT Manager should also be informed. (Craig Turner: Craig.turner@taw.org.uk). For the Trust Central team this is Brinderjit Singh.

- 3.2.4 When the matter is reported to Information Guidance Team and ICT (where relevant) the following information as a minimum should be to hand:

- Crime reference number given to you by the police (if applicable)
- Police station and constabulary the incident was reported to (if applicable)
- Place, time and date(s) the incident occurred
- Council officer and/or team(s) or 3rd party suppliers involved
- A summary of the information that has been lost, stolen or incorrectly communicated
- A list of the individuals affected or that could be at risk
- A list of organisations that may need to be contacted (e.g. shared service information), if applicable
- Confirmation as to who else in the authority has been informed, e.g. School Data Manager, Senior Leadership, CEO etc

3.2.5 When the incident is reported to Information Governance Team they will:

- Assess the level of the risk associated with the incident
- Agree the immediate mitigating actions that should take place and who should undertake them including who else needs to be informed (internally and externally)
- Agree who will undertake an investigation into the incident – low risk will be the service area; medium – service area/Information Governance Team by agreement; high risk – Information Governance Team.
- Compare the incident against notification rationale outlined by the Information Commissioners Office (ICO) and notify (after approval by the SIRO) if applicable
- Produce or agree the production of an incident report, see **Appendix 1** for required layout
- Agree remedial action to be taken by the relevant service area
- Communicate any lessons learnt corporately where appropriate

3.2.6 Managers can obtain guidance on possible action to be taken in relation to employees implicated in data breaches by accessing the relevant Human Resources guidance document.

4. Advice and assistance

- 4.1 Supplementary guidance in respect to managing data breaches in specific service delivery units (due to the nature/volume of information being handled) has been agreed locally with the relevant Service Delivery Manager(s) and Senior Leaders. This local guidance does not replace the requirements of this policy.
- 4.2 If you require any further information, or if you experience any difficulties accessing any documentation, please contact:- Audit & Governance Tel: 01952 382537 Email: ig@telford.gov.uk
